FOR LOCKED-OUT DRIVERS.

Subscriptions Coming in to The Times Help Fund.

Poverty has, in many instances, laid its hand upon the locked-out employes of the Amcostia Street Railroad. In some families affected there is sickness and suffering.

These women and children are worthy objects of charity, and the relief fund started by The Times is growing.

FIGHTING ABOUT LIGHT

United States Electric and Potomac Power the Contestants.

CONTEST OVER CREMATORY

Lawyer Indicates Its Establishment on Twenty-fourth Street Will Be Opposed-Skating Rink Engine and Mr. Gatti's House-President Phillips Wants Speed Limit Enlarged.

The fight between the Potomac Power and Light Company and the United States aghing Company aided by the two gas empantes is growing. Attorney Henry E. Davis for the Potomac Company, called in Major Powell yesterday and got a copy of the contract between the Commissioners and the Georgetown Gas Company to e in the suit over the lighting of the quedict bridge. Mr. Crosby of the Aquednet bridge. Mr. Crosby of the Potomac Company, also called to see the Commissioners. He said the work at Thirty-third and M reported by Mr. Cham-berlain of the United States Company, as unsafe, was unfinished and therefore not

Mr. William A. Gordon, the attorney, who lives in Georgetown and has extensive property interests there, called at the listrict heilding yesterday afternoon for official information regarding the location of the Smith crematory on Twenty-fourth street, pear Rock Creek. He indicated that there would be active opposition to that location of the crematory. An interesting feature in the case is the assertion by a gentleman who lives on Columbia Heights that any odors from that part of Rock Creek are always smelled on the Heights in the neighborhood of Commissioner Truesdell's residence.

The Commissioners are considering laws to regulate the use of merry-go-rounds and to exclude minors from pool rooms.

Commissioner Truesdell said at a hearing given Mr. Stpehen Gatti in protest against the boiler house at Fourth and L streets northwest for the Convention Hali skating rink that any regulation made by them without any notice whatever to anybody. Gatti, said the inter had been offered \$100 by Mr. Hutchins to sign the paper consenting to the location of the boiler house, but he refused, because of the damage to his houses. Mr. Gatti was the only owner of a dwelling house in the vicinity.

Attention was called to the fact that the locality is largely devoted to business and Mr. Gatti's houses on the first floor are used for business purposes.

Mr. Truestell said the regulation, after careful consideration, was found altogether too strict and that it would be further modified in the same direction.

Mr. Darr poinced out that a skating rink is a source of immerality anyhow, and the Commissioners ought to prevent the opening of it for the praction of citizens' families.
